Touch International tabs Canadian partner

• 23 July 2002

AUSTIN, Texas -- Touchscreen monitor supplier [Touch International Inc.](#), seeking to expand its presence in the Canadian marketplace, has retained the services of [Electronics Sales Professionals Inc.](#) (ESP) as its representative in Canada.

ESP is headquartered in Ottawa and has offices in Montreal, Toronto, Calgary, and Vancouver. Incorporated in 1992, the company represents international manufacturers of electronic components and subsystems in Canada.

"We envision ESP working closely with touch International's engineering staff to effectively penetrate the Canadian touchscreen market," Greg Fagioli, Touch International vice president, North American operations, said in a news release.
