Synergistic signs on with Touch International

• 12 September 2002

AUSTIN, Texas -- Touchscreen monitor supplier [Touch International Inc.](#), seeking greater presence in the Midwest, has signed [Synergistic Sales](#) to service touchscreen customers in that region.

Synergistic, which has offices in Glendale Heights, Ill., Waukesha, Wis., and Lakeview, Minn., has a combined 50 years experience servicing customer needs in the flat-panel displays, touchscreen, and related peripheral fields.

Touch International officials said Synergistic would strengthen the company's ability to meet customer demands for drop-in products and custom designs.
